

AMENDMENTS TO THE DRAWINGS

FIG. 2 of the drawings as included is amended to correct the informalities in accordance with the Examiner's suggestions. The word "wirelss" is been corrected to read "wireless".

REMARKS

The Application has been carefully reviewed in light of the non-final Office Action mailed February 7, 2007. The Examiner has rejected claims 13, 15-24, 26-32, 34 and 35 and objected to claims 14, 25 and 33. Claims 13, 15-24, 26-32, and 34-35 are pending in this application. Claims 14, 25, and 33 are cancelled. The Examiner indicated that claims 14, 25, and 33 would be allowable if rewritten in independent form. Claims 13, 15, 18, 20, 24, 26, 31, and 34 have been amended in accordance with such instructions. Additionally, the Examiner has further objected to the specification and the drawings. Corrections have been made to the specification and drawings that add no new material in the manner suggested by the Examiner. Reconsideration and allowance of all remaining pending claims is respectfully requested in view of the following remarks.

Applicant reserves the right to file subsequent continuation applications without limitation based on the subject matter and claims of the patent application as originally filed.

CONCLUSION

For the foregoing reasons, Applicant respectfully requests reconsideration and favorable action. If the Examiner feels a telephone conference or an interview would advance prosecution of this Application in any manner, the undersigned attorney for Applicant stands ready to conduct such a conference at the convenience of the Examiner.

Applicant believes no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 50-2816, under Order No. 020748.0122D1US from which the undersigned is authorized to draw.
